

MARCH 6, 2018 6:00-8:00PM

**NORTH VALLEY PUBLIC LIBRARY,
MAIN STREET STEVENSVILLE**

**INTERSEEDING LEGUMES
INTO ESTABLISHED
IRRIGATED PASTURES**

Join MSU Extension Forages Specialist Emily Glunk and NRCS Lake County Conservationist Ben Montgomery to talk about the benefits and methods of interseeding legume species into established perennial pastures. Adding legumes improve soil health, increase forage quality, and can give a boost to your economic bottom line.
